Hamptons stunner offers the good life

Big, bold and beautiful, this luxurious family haven is a must-see for those who prefer the finer things in life. The layout is bright and modern with a stylish Hamptons theme throughout. Plantation shutters, beautiful timber floors and a sophisticated colour palette are on show paired with statement pendant lights and large windows for a bright and airy feel.

The heart of this home is the kitchen with a suite of quality appliances, a server pantry with access to the laundry and a breakfast bar ready for casual dining. The kitchen is open to the family and meals area with sliding doors that lead out to the alfresco.

A separate lounge is nestled at the front of the home, perfect for use as a retreat, while a two-car garage and a powder room complete this level.

Upstairs, there are four oversized bedrooms including your plush owner's suite with a walk-in robe and ensuite. The guest bedrooms all have built-in robes and there is an upper-level rumpus where the kids can play as you entertain in style downstairs.
